If you haven’t already, this is a friendly reminder that all end of year production costs including costumes must be paid in full as of today.

FREQUENTLY ASKED QUESTION?

1. Can I collect my child during the showcase?

We work hard to create a safe but also fair environment for all performers therefore, no student can leave the venue until the showcase is completed.

2. Where do I drop off & pick up my child?

A map of the venue will be supplied closer to the date with clear details for both drop off and pick up for both the rehearsals and showcase.

3. What does the “footage access fee” allow us & when will I receive it?

We want you to be able to share and watch the footage from all shows with your family and friends therefore all showcases are professionally filmed, and a link will be emailed to you for you to access and download. Please note the link will only be available for 3 months after release so please “download and save” to ensure you have access to this wonderful memory.

As we have 7 cameras recording each show, we need time to edit all footage and will notify you as soon as it is complete. For a production this scale, this is a compulsory fee for all students to participate.
